

Spray Any Way

The paint you can spray
in any direction

PLASTI-KOTE® Spray Any Way paint reaches the parts other paint sprays can't reach. That's because our special customised valve allows the paint to flow in any direction without clogging. The result is fast, smooth, even coverage with no need to worry about paint running. It also empties completely from any position.

Not only is Spray Any Way far more convenient than an ordinary aerosol, but it also saves time and money because you don't waste any paint. It makes good sense to always keep some handy in your tool box.

Spray Any Way paint is durable and fast drying and exclusive to Plasti-Kote. It's also ozone friendly.

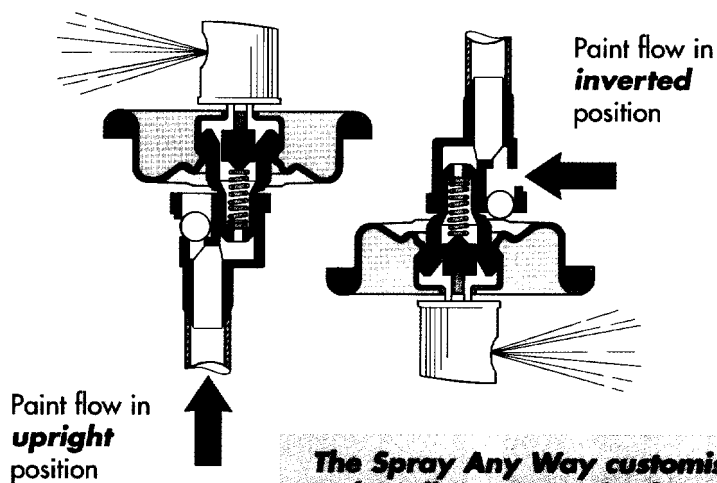

Spray Any Way

The convenient quick covering spray paint comes in a variety of hard-wearing fast drying colours

7118272	2350		Grey Primer
7118284	2351		Red Oxide Primer
