

# 629 534 Professional Air Tools

air

SIP feature a range of well designed Air Tools manufactured and selected specifically to satisfy the needs of the automotive and light industrial user. Superior machining and precision engineering together with the use of high quality materials deliver the performance and reliability that you expect from SIP. These technical advantages together with SIP's realistic pricing policy achieves outstanding value for money in true SIP fashion.

- **1/2" IMPACT WRENCH:** All impacting parts are made from carefully selected and heat treated alloy steels. Superior power to weight ratio. Excellent balance. Rocking dog impact mechanism for trouble-free high performance.
- **1/2" AIR IMPACT WRENCH KIT:** 17 piece kit including: 1/2" impact wrench, 3" extension bar, mini oiler, 1/2" drive socket set, 4mm hex key, oil dispenser bottle, quick release nipple, moulded carrying case.
- **3/4" AIR IMPACT WRENCH:** Fast, compact and well balanced. Positive action trigger for fine control. Energy efficient air motor.
- **1" AIR IMPACT WRENCH:** Heavy duty construction to handle tough daily use. Two hammer rocking dog impact mechanism for maximum power and performance. Complete with 6" anvil.
- **3/8" AND 1/2" REVERSIBLE AIR RATCHET:** Fast rundown to speed up tightening operations. Ball and needle bearing construction. Ball type socket retainer.
- **3/8" AND 1/2" REVERSIBLE AIR RATCHET KIT:** 16 piece kit including air ratchet, 7 piece socket set, 3" extension bar, 3 screwdriver bit, extension bar, 3 screwdriver bits, moulded carrying case.
- **1/2" IMPACT SOCKET SET:** 11 piece socket set. Supplied in tough metal case.

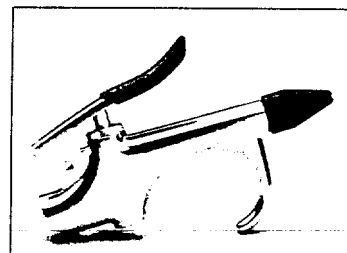

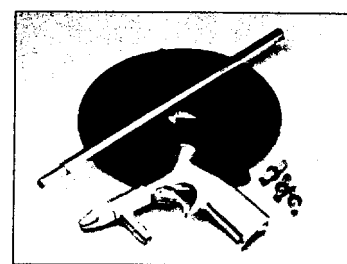

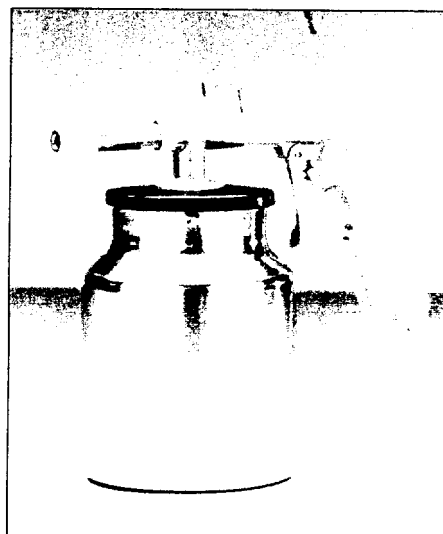

| MODEL                       | ITEM NO | AV. AIR CONSUMPTION | SPEED    | MAX TORQUE |
|-----------------------------|---------|---------------------|----------|------------|
| 1/2" AIR IMPACT WRENCH      | 07500   | 4.5 CFM             | 8500 RPM | 230 FT/LB  |
| 1/2" AIR IMPACT WRENCH KIT  | 07505   | 4.5 CFM             | 8500 RPM | 230 FT/LB  |
| 3/4" AIR IMPACT WRENCH      | 07510   | 7.5 CFM             | 5000 RPM | 500 FT/LB  |
| 1" AIR IMPACT WRENCH        | 07580   | 12 CFM              | 4000 RPM | 1200 FT/LB |
| 3/8" REVERSIBLE RATCHET     | 07515   | 4 CFM               | 150 RPM  | 45 FT/LB   |
| 1/2" REVERSIBLE RATCHET     | 07516   | 4 CFM               | 150 RPM  | 45 FT/LB   |
| 3/8" REVERSIBLE RATCHET KIT | 07596   | 4 CFM               | 150 RPM  | 45 FT/LB   |
| 1/2" REVERSIBLE RATCHET KIT | 07582   | 4 CFM               | 150 RPM  | 45 FT/LB   |
| 1/2" IMPACT SOCKET SET      | 07507   |                     |          |            |

EACH TOOL COMES COMPLETE WITH ITS OWN INDIVIDUAL SUPPLY OF LUBRICANT, 1/4" BSP INLET AND REQUIRES A RECOMMENDED AIR PRESURE OF 90 PSI (6.2 BAR).

# Professional Air Tools

air

● **MAXI SPOT:** Spot Blasting Gun. Ideal for removing rust spots from car body work etc. Abrasive recirculates in gun until exhausted. Complete with extra nozzles and template.

● **MAXI BLAST:** General purpose sand blasting gun with 1 litre pot ideal for precision applications and for reaching those more inaccessible places.

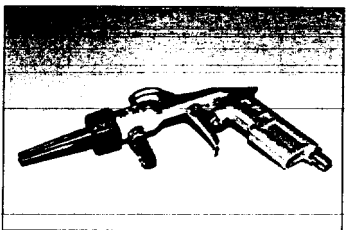

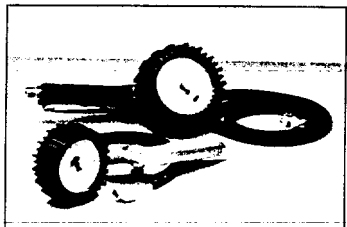

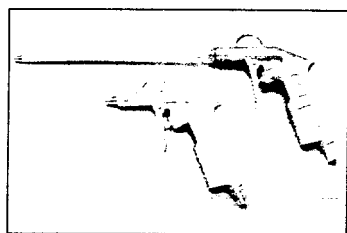

● **MAXI GRIT:** General purpose sand blasting gun operating from bucket or bag of grit (or most forms of dry sand). Ideal for rust, scale and old paint removal especially on uneven surfaces or in crevices. Superb top quality ceramic nozzles ensure long gun life. (4 supplied with gun).

● **MIZAR:** Dusterguns with short or long nozzle. All 3 guns feature excellent balance and manoevrability for rapid cleansing of dust, swarf and water. Mizar Compact is a handy thumb trigger activated unit. Mizar Short - Pistol type short nozzle. Mizar Long - Pistol type long nozzle.

● **TAURI:** General purpose inflating gun with rubber protected pressure gauge and highly flexible, hard wearing rubber hose.

● **MAXI FLATE:** Heavy duty shock - absorbent, tyre inflating gun for all forecourt and professional applications.

● **MAXI WASH:** An air powered high pressure water gun which dramatically increases the power of a normal water hose. Includes spray regulator.
