

SUSPENDERS & SUPPORTS

626-703
626-715
626-727

Builders Balance Suspenders have a patented 2-ring system. In use, these rings lay flat on the back. The double ring assembly allows for easy strap adjustment. The higher the assembly, the tighter and more secure the straps will be around the shoulders. The ring assembly also allows the tool belt to be neatly hung when not in use.
