

# Spiral Pump Ratchet

## Key

- Regular Slotted
- ⊕ Phillips
- ⊕ Pozidriv/Supadriv®
- ⊕ Torx®

**SPEAR & JACKSON** Spiral Pump Action Screwdrivers are designed to minimise friction and wear. All models are fitted with spiral lock, automatic spring return and high tensile alloy driving nuts; the pump action of these screwdrivers offers speed and power without the need for recharging or mains supply. Replacement blades are detailed on the facing page.

Product Code	Description	Blades	
<b>10" Transparent Handle</b> ● ⊕ ⊕
