

AUDIO PATCHING

Audio Patching...

High quality patching components...

Trompeter jacks are designed to meet the demanding specifications of the Broadcast Industry ensuring high reliability in audio/video interconnect applications. Trompeter products are being utilized in many telephone Central Office (CO) jack fields for test and patching applications, as well as in TV/ Radio broadcast and multichannel applications.

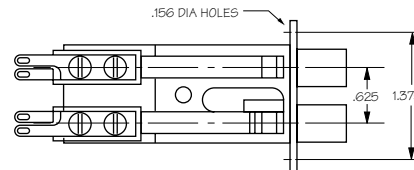

PATCH CORD HOLDER- 10.75" Wide x 4.50" Deep Wall Mount

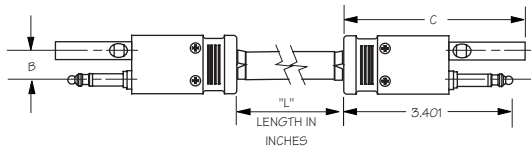

CH50. Black epoxy over steel...Holds up to 50 cable assemblies or patch cords (Cable diameter ≤ .25")
