MTA-100 .100 [2.54

tyco

Electronics

Material and Finish

Housing—UL94V-0 rated, polyester, white

Posts — Copper alloy, tin plated, .000030 [0.00076] or .000015 [0.00038] gold over nickel

Notes:

- Post(s) can be omitted for keying purposes. Specify the desired post(s) to be omitted using the figure to identify Post No. 1.
- Gold headers are duplex plated, gold on mating end of post and tin on the solder tail.
- 3. All posts on retentive leg headers are bent.
- 4. To determine header overall length (dim. A) multiply .100 x the number of posts. Example: .100 x 10 posts equals 1.000 inch [25.4 mm].

For mateability options, see matrix on pages 12 and 13. For mating half visuals, see pages 14, 15 and 31.

Header Ordering Information

The "Base Part Numbers" Chart at right shows the base part number and number of posts available for the described headers.

Prefixes and suffixes are determined by the number of post positions in the header. For example, the complete part number for a 10-position header with straight posts would be:

Base number **641213** plus prefix-and-suffix

1- -- -0

The correct ordering number is 1-641213-0

The set of numbers in **bold face** are the RoHS equivalent version of the standard product. Example:

	No. of Pos.	Standard Prefix/Suffix	RoHS Prefix/Suffix		
	2	641213-2	3-641213-2		
•	_	thru			
•	28	2-641213-8	5-641213-8		

See page 15 for an explanation of RoHS lead free equivalents.

Note: All RoHS equivalent part numbers may not be available upon catalog release. If the number you need is not available, please contact Product Engineering to expedite your request.

Note:

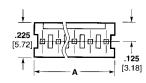

Select load headers (omitted pin headers) are available upon request. Please contact product engineer or product manager for details.

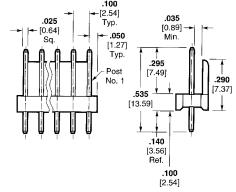

MTA-100 Polarized Headers—Straight and Right-Angle

Straight Post (.025 [0.64] Square)

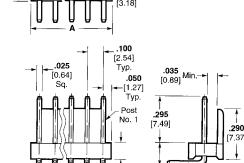

MTA, CST-100 II, SL-156 and

AMP Economy Power (EP) Connectors

Right-Angle Post (.025 [0.64] Square)
