

BNC Fixed Coaxial Attenuators

dc – 4 GHz

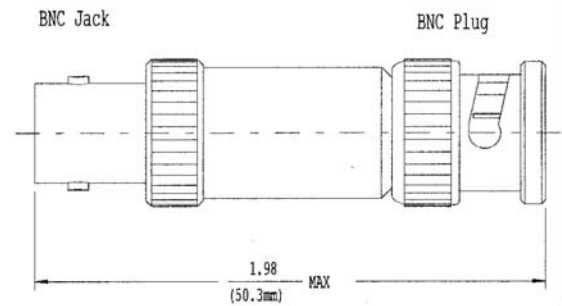

3282 Series

Features

- BNC Connectors
- Rugged Construction
- Precision Operation

Description

These attenuators come standard with type BNC connectors and are built using the same high quality construction and fabrication techniques as our high frequency units.

Ordering Information

Part Number Plug-Jack	Frequency (GHz)	Attenuation (dB)	VSWR
3282-6171-01 thru 20, 30	dc-4	1 to 20, 30 ± 0.50 Max	dc to 4 GHz, 1.25

Power: 2 Watts average, 500 Watts peak.

Finish: Nickel Plated Brass.

Weight: 1.2 oz (34g)

Specifications subject to change without notice.
