

ELECTRIC CORPORATION

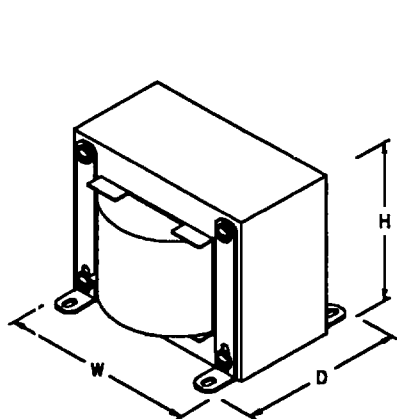

SINGLE PHASE GENERAL PURPOSE TRANSFORMERS

1/95

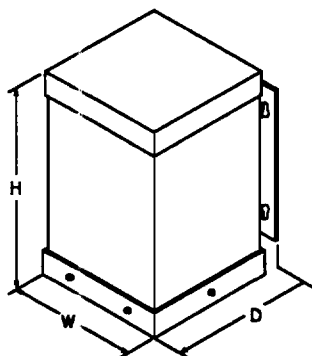

General Purpose Transformers are available in construction designs suitable for indoor or outdoor service. They are perfect for general applications such as lighting, heating, and equipment loads in commercial and office buildings and industrial plants.

FEATURES

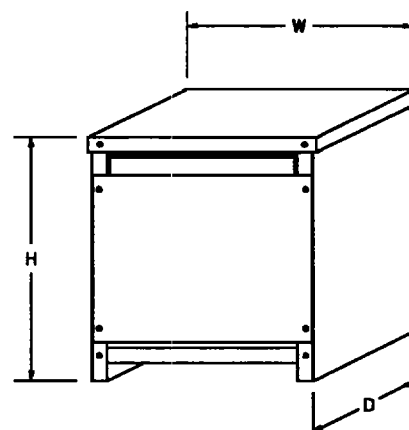

- Open construction available for use where no adverse conditions exist or for mounting in existing enclosure.
- Enclosure construction available for use where dirt, corrosion or weather may be a factor.
- Enclosure units from 250 VA through 10 KVA are epoxy encapsulated in wall mount metal enclosure.
- Enclosed units from 15 KVA through 225 KVA are floor mount, ventilated construction.
- Many non-standard designs are available - contact the factory for further information.
