

## Adjustable Micropower Voltage Reference

### FEATURES

- Adjustable Voltage.....1.24 to 5.3 Volt
- Dynamic Impedance ..... 1Ω Max
- Low Temperature Coefficient..... 30 ppm/°C Typ
- Operating Current..... 10µA to 20mA
- Initial Tolerance ..... 1% & 2%
- Direct pin compatible to LM185/285/385

### APPLICATIONS

- Portable Meter Reference
- Portable Test Instruments
- Battery Operated Systems
- Panel Meter
- Current Loop Instrumentation

### PRODUCT DESCRIPTION

The ALPHA Semiconductor AS385 is a micropower 3-terminal adjustable band-gap voltage reference with a very wide operating current range from 10µA to 20 mA. It provides a stable voltage that can be adjusted from 1.24 to 5.3V without changing much in dynamic impedance or in temperature coefficient. The high stability of this device is primarily the result of the low temperature coefficient Thin Film Resistor process and Laser Trimming of the output voltage at the wafer level.

The AS385 is available in a TO-46 package with an operating temperature range of -55°C to +125°C, and TO-92, SO-8 and SOT-89 packages with an operating temperature range of -40°C to 85°C. Extended temperature range also available for TO-92 and SO-8 packages. The ALPHA Semiconductor 2.5 & 1.2 volts fixed is also available (AS385-1.2 & AS385-2.5).

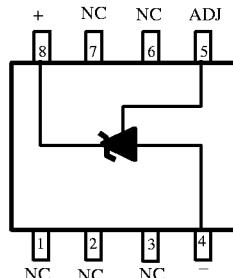

### ORDERING INFORMATION

| Max.<br>Tempco<br>ppm/C* | Part<br>Number | Package<br>Type | TEMP.<br>RANGE |
|--------------------------|----------------|-----------------|----------------|
| 50                       | AS385AT        | TO-46           | MIL            |
| 100                      | AS385BT        | TO-46           | MIL            |
| 50                       | AS385AN        | TO-92           | COM            |
| 100                      | AS385BN        | TO-92           | COM            |
| 50                       | AS385AS        | SO-8            | COM            |
| 100                      | AS385BS        | SO-8            | COM            |
| 50                       | AS385AM        | SOT-89          | COM            |
| 100                      | AS385BM        | SOT-89          | COM            |
